Consciousness: A Neuroscience Journey

MARCH 25 | 10AM-4PM
VIMM - SALA SEMINARI

(VIA ORUS 2, BUILDING A, GROUND FLOOR)

DNS
Dipartimento
NeuroScienze

Join us to explore brain conscious perception. This seminar will follow sensory signals into conscious experience, bringing together insights from animal and human research using a variety of neuroscientific methods and data-analysis strategies.

Visit us for more details!

CNJ

Consciousness: A Neuroscience Journey

Seminar Program

9:30 h - 10:15 h	Registration and Welcome Coffee	
10:15 h - 10:30 h	Pietro Avanzini - CNR - <i>Institute of Neuroscience</i> Introduction and Greetings	
10:30 h - 10:50 h	Bita Darabi - <i>University of Padova</i> Theories of consciousness	
10:50 h - 11:10 h	Andrea Zangrossi - <i>University of Padova</i> Awareness and perception in forensic	
11:10 h - 11:30 h	Andrea Pigorini - <i>University of Milan</i> Brain Complexity	
11:30 h - 11:50 h	Ambra Ferrari - <i>University of Trento</i> Sensory Perception	
11:50 h - 13:30 h	Lunch Break	
13:30 h - 13:50 h	Maurizio Corbetta - <i>University of Padova</i> TBA	
13:50 h - 14:10 h	Livia Vignozzi - CNR - <i>Institute of Neuroscience</i> Animal perceptual learning	
14:10 h - 14:30 h	Catalina Campuzano - <i>University of Padova</i> Animal consciousness	
14:30 h - 14:50 h	TBA	
14:50 h - 15:30 h	Coffee Break	
15:30 h - 15:50 h	Ilaria Siviero - <i>University of Verona</i> Deep Learning	
15:50 h - 16:10 h	Emma Maria Tosato - <i>University of Padova</i> Awarenet Project	
16:10 h - 16:30 h	Round Table with speakers	
16:30 h - 17:30 h	Good Bye Aperitivo
